Arkadeb Das

Entry-Level Data Analyst & Data Scientist

LinkedIn: linkedin.com/in/arkadeb-das **Email:** arkadeb001@gmail.com
GitHub: github.com/Arka0507 **Phone:** +917477534182

PROFESSIONAL SUMMARY

Aspiring Data Scientist and Data Analyst fresher (B. Tech CSE, CGPA 8.5) passionate about uncovering hidden patterns in complex datasets. Skilled in Python, SQL, Excel and machine learning for data cleaning, exploratory data analysis, data visualization and reporting. Eager to turn raw data into clear, actionable business decisions in a Data Scientist role. Available to join immediately.

EDUCATION

Bachelor of Technology - Amity University Noida | *Noida, Uttar Pradesh*
Computer Science and Engineering; CGPA: ***8.5*** **Sep 2022 - May 2026**

Higher Secondary - Ramakrishna Mission Vivekananda Vidyamandir
PCMB; Percentage: ***89%*** **May 2018 - Mar 2020**

Matriculation - CM High School, Malda
WBBSE; Percentage: ***88%*** **Mar 2018**

TECHNICAL SKILLS

- **Programming Languages:** Python(Proficient), C(Decent), C++(Decent), Java(Decent)
- **Databases:** MySQL, PostgreSQL
- **Data Analysis & Visualization:** Microsoft Excel, Pandas, NumPy, Data Cleaning, KPI Dashboards.
- **Machine Learning:** Scikit-Learn, YOLO, OpenCV, ByteTrack
- **Web Development:** HTML5, CSS3, FastAPI
- **Developer Tools:** Jupyter Notebook, VS Code, Google Colab, GitHub

PROJECTS

IPL Dashboard (2008-2024) | Microsoft Excel
- Cleaned and transformed raw match-level data (1,095 matches across 17 seasons) into a dashboard-ready dataset; built PivotTables, PivotCharts, KPI cards and slicers.
- Identified that teams chose to field first in 64.3% of tosses, Mumbai hosted the most matches (145), CSK and MI lead with 5 titles each, and the average winning margin was 30.1 runs.

Tech: Microsoft Excel, PivotTables, PivotCharts, Slicers, Data Cleaning

Retail Mart Sales Dashboard | Webskitters Academy
- Built an interactive dashboard on 10,000 orders and ₹20.96 Cr in sales with year, month, region and order-status slicers; tracked AOV (₹21,035) and a 13% lost-order rate (cancelled + returned).
- Found that Electronics drove ~72% of sales, Uttar Pradesh (795) and Maharashtra (752) led order volume, and 71.6% of orders were delivered; analyzed sales-rep, channel-discount and payment-mode trends.

Tech: Microsoft Excel, PivotTables, PivotCharts, Slicers, KPI Dashboards

TrafficVision AI - Traffic Object Detection | GitHub Repository
- Built an end-to-end traffic video analytics application using lightweight YOLO, OpenCV and ByteTrack for frame-by-frame multi-object detection and tracking, with annotated bounding boxes, object labels, dynamic distance and speed estimation, and a full-stack video-upload workflow.

Tech: Python, YOLO, OpenCV, ByteTrack, FastAPI

EXPERIENCE

Data Analytics Trainee - Webskitters Academy **Jun 2026 - Present**
- Build interactive Excel dashboards with PivotTables, PivotCharts and slicers that turn raw business data into clear, KPI-driven insights.
- Engineered complex SQL queries to extract, clean, and transform over 11,000 records of raw operational data, ensuring high data integrity and significantly reducing manual preprocessing time.

Research Intern - Ulavi Technologies **Jun 2025 - Aug 2025**
- Researched AI-powered insights and data-driven decision-making approaches for business use cases.
- Analyzed patterns, trends and performance metrics; prepared reports and visual summaries to support decisions.

CERTIFICATIONS

Cloud Computing | NPTEL **Dec 2024**
Python for Data Science | NPTEL
Data Science Course | CodeWithHarry **Sep 2026**

ACHIEVEMENTS

- **Cyber Cup 2.0 - 24-Hour Hackathon | ASET:** Completed the intensive hackathon by building Lingua Display, a multilingual digital display platform.
- **Certified Participant, Three Continent Program - Birkbeck, University of London, UK (Jan – Mar 2025):** Explored global business technology and developed practical Applications in AI.
- **Certified Participant, Three Continent Program - Fairleigh Dickinson University, USA (Mar - Jun 2025):** Gained hands-on international exposure to Artificial Intelligence.
